

While still in the middle of the semester, we would like to get your feedback on how this course is going. In particular, we would like your constructive input while we still have the chance to act on the suggestions. Please make your comments specific.

We appreciate your cooperation!

MWF10 Ken Chung
MWF10 Weiyang Qiu
MWF11 Oliver Knill
TTh10 Mark Lucianovic
TTh11.5 Ciprian Manolescu

Are the classes clear and well prepared?

Does your teacher answer questions well and encourage participation?

How effective do you evaluate your teacher

not effective	effective	very effective

Comments on the first hourly?

Comments on the exam reviews?

Comments on the Stewart textbook?

Are homework assignments appropriate? Too much/too less? Comments on homework?

What aspects of course website is useful. What else should be there?

Comments on website design, ease of use, timeliness of information, formats (PDF,Applets)?

Did you find the TF preparation online quizz useful?

How often do you attend CA problem sessions?

Who's problem session do you go to?

Has the CA been good about getting graded homework back to you?

How useful are the problem sessions?

What do you like most/least about the problem sessions?

Do you attend the Math Question Center MQC?

How often?

What do you like most/least about the MQC ?

What would you do to improve it?

Did you start with the Mathematica/Challenge project already?
