

Math Xb Spring 2004
Worksheet: Interview Questions
February 9, 2004

Interview your partner using the following questions. Take notes and be prepared to introduce your partner to another pair of students.

1. What is your name?
2. Where is your hometown?
3. What is your intended concentration?
4. In what activities or hobbies do you participate?
5. What was your favorite animated cartoon when you were younger?
6. Which Math Xa topic did you find most interesting and why?
7. What did you find to be an effective study technique for Math Xa?
8. Describe a way in which a group of three or four students might work on a set of calculus problems in order to maximize each group member's understanding of the problems.
