

INTRODUCTION TO CALCULUS

MATH 1A

EARLY FEEDBACK (FEB 16, 2024)

Problem 1: Homework is

58%	Too hard
-----	----------

42%	Just right
-----	------------

0%	Too easy
----	----------

Problem 2: Lectures are

16%	Too hard
-----	----------

78%	Just right
-----	------------

6%	Too easy
----	----------

Problem 3: What topic are you least confident about

6%	Functions
----	-----------

24%	Limits
-----	--------

62%	Derivatives
-----	-------------

8%	Linearization
----	---------------

Problem 4: What topic are you most confident about

9%	Functions
----	-----------

35%	Limits
-----	--------

20%	Derivatives
-----	-------------

36%	Linearization
-----	---------------

Problem 5: Grading of homework gives enough feedback:

45%	Agree
-----	-------

30%	Neutral
-----	---------

25%	Do not agree
-----	--------------
